

Social Promotion Association

**Abili Oltre** is a **Third Sector Smart Community** that works to promote, protect and ensure an idea of normality that broadens its horizon to People with Disabilities, that recognizes work as an irrepressible need of the Person, that pursues the Well-being of all and for all.

Anyone who identifies themselves with the value system of "Abili Oltre" participates freely in the Smart Community, sharing the methods of participation and integration aimed at realizing the advantages of a collective and connective intelligence in acting.

The Community has a horizontal organizational dimension and promotes the development of an active citizenship through processes of information exchange, the construction of a common memory, the coordination and sharing of projects in a dynamic relationship with People, Companies and Territories.

**A SOCIETY WHERE  
IT DOESN'T MATTER  
HOW YOU ARE,  
BUT WHO YOU ARE!**

Abili Oltre proposes itself as a social actor for:

- the affirmation of the universal right to individual and collective well-being;
- the removal of any barrier that prevents the full inclusion and full employment and human development of able and disabled people, with wide reference to Article 3 of the Italian Constitution and the national and international regulatory framework for the protection of diversity;
- the orientation to the scientific progress to the research and to the realization of new conditions of ability and not of marginalization;
- the promotion and development of solidarity and inclusive working models;
- the development of a Welfare system inspired by the principles of solidarity, universality and subsidiarity and focused on citizen participation;
- the promotion of an economic and financial system that is ethical, supportive, democratic and transparent, guaranteeing social, cultural and territorial balance;
- social assistance and training of people who live in conditions of hardship.
